

University Booth, Station 1
Tuesday to Thursday: 11:00 - 12:00

**SPACE: A Hardware/Software SystemC
Modeling Platform Including an RTOS**

Jérôme Chevalier, Ph.D. Student, Guy Bois, Prof.
École Polytechnique de Montréal

- ❑ SystemC platform for HW/SW partitioning of real-time systems
- ❑ Links four levels of abstraction
- ❑ H/S SystemC co-simulation
- ❑ H/S modules permutation without recoding
